

Labor Control & Scheduling Planner

Book 2 Coming Soon - Sample Structure Preview

This is a coming-soon preview of the planned labor and scheduling workbook structure. Final pages and purchase links should be confirmed before public sale.

This sample is a preview only. It is not the full book.

What this workbook is planned to help a manager control

- Weekly scheduling discipline.
- Labor percent awareness.
- Shift coverage decisions.
- Call-out and overtime tracking.
- Sales forecast versus labor plan.
- Manager follow-up after labor misses.

Weekly Labor Planning Snapshot

Day	Projected Sales	Scheduled Labor	Target Labor %	Manager Notes
Monday	\$_____	\$_____	____%	
Tuesday	\$_____	\$_____	____%	
Wednesday	\$_____	\$_____	____%	
Thursday	\$_____	\$_____	____%	
Friday	\$_____	\$_____	____%	

Shift Coverage Review

- Was every station covered by skill, not just body count?
- Did the schedule match the expected sales pattern?
- Were strong employees placed where the shift needed protection?
- Did managers review call-outs and late changes?
- What adjustment should be made next week?
